Dear Adam, ← greeting

I am a lizard. I spend a lot of time crawling in, around and under things. When I do this, I see something that a lot of people are too busy to notice. It's called "litter."

This year, I plan to visit a lot of schools to tell kids about what I've seen. Do you have an idea that would help keep our streets litter-free? Everyone likes a clean and safe neighborhood, including lizards!
